

EV700

Electric Vehicle Home Charging Solutions

The TurnOnGreen EV700 Smart EV charger offers faster home charging plus optimal power usage, not requiring expensive upgrades associated with other chargers on the market. The EV700 uses proprietary *Digital Power Technology* for enhanced charging speeds and adjustable power settings where power is limited. Simple to install and easy to use, the EV700 makes charging at home fast, safe, and reliable.

Custom Charging Solutions
